

I am asking you to NOT weaken Indiana's "Do NOT Call LIst" This law is the best legislation passed in the state of Indiana in over 100 years! Before this was enacted into law, I was on the verge of taking out my house telephone. We were receiving 50-100 telemarketing calls per week. Telemarketing is the rudist form of marketing ever conceived. I have many companies that I will not deal with and even some charities that I used to donate to who because of tele-marketing me will never receive another dime. Please throw out this complaint by the Consumer Bankers Association! As long as I pay the bill for our telephone, rude people should not be able to use it to interupt what I am doing. THANK YOU for your consideration!
